VIDYASHREE MUROOR

FRONT-END DEVELOPER | REACT.JS | JAVASCRIPT | E-COMMERCE

Leamington Spa, UK | +44 7311 033458 | vidyam.wagle@gmail.com

Portfolio: https://portfolio-vidyashreemuroor.vercel.app | LinkedIn: https://linkedin.com/in/vidyashree-muroor-424022a6

PROFESSIONAL SUMMARY

Frontend Developer with 6 years of experience building responsive, accessible, and user-focused web applications using React.js, JavaScript (ES6+), HTML5, CSS3, and REST APIs. Experienced in translating Figma designs into reusable UI components, implementing API-driven interfaces, and developing responsive layouts that deliver consistent user experiences across devices.

Strong understanding of semantic HTML, accessibility best practices (WCAG), usability principles, responsive design, and modern frontend development standards. Skilled in building reusable component libraries, handling loading, error, and empty states, optimizing performance, and collaborating with designers, QA teams, and backend developers in Agile environments.

Passionate about creating intuitive user interfaces, improving accessibility, delivering high-quality frontend solutions, and continuously learning modern web technologies and UI development practices.

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, jQuery, TypeScript
Styling & UI: Tailwind CSS, Sass/SCSS, Bootstrap, Responsive Design, Mobile-First Development, Reusable Components, Semantic HTML, Cross-Browser Compatibility
React Development: React Hooks, Context API, Functional Components, Component-Based Architecture, State Management
UI & User Experience: Accessibility (WCAG), UI/UX Best Practices, Visual Hierarchy, Figma Design Handoff, User-Centred Design
Integration & Performance: REST API Integration, Loading/Error/Empty States, Data Transformation, Code Splitting, Lazy Loading, Performance Optimization, Debugging
Testing & Quality: Browser Testing, UI Testing, Accessibility Testing, Code Reviews
Tools & Delivery: Git, GitHub, Agile/Scrum, VS Code, npm, Client Requirements Gathering, Production Support

PROFESSIONAL EXPERIENCE

Front End Developer | Powerweave Software Services Pvt. Ltd.
June 2024 – Present | Remote, UK

- Develop and maintain B2B e-commerce websites on the eWiz SaaS platform using React.js, JavaScript (ES6+), HTML5, CSS3, and REST APIs.
- Collaborate with clients and cross-functional teams to gather requirements, deliver frontend solutions, and implement iterative improvements based on feedback.

- Build and maintain reusable UI components and shared design patterns to ensure consistency, scalability, and maintainability across applications.
- Develop responsive, mobile-first user interfaces that provide an optimal experience across desktop, tablet, and mobile devices.
- Implement API-driven features and handle loading, error, and empty states to deliver robust and user-friendly interfaces.
- Apply semantic HTML, accessibility best practices, and usability principles to improve user experience and support inclusive design.
- Troubleshoot production issues, perform root-cause analysis, and collaborate with backend and QA teams to deliver timely resolutions.
- Improve application performance through code splitting, lazy loading, component optimization, and efficient rendering strategies.
- Participate in Agile ceremonies, peer code reviews, production support activities, and continuous improvement initiatives.

Key Achievements

- Refactored JavaScript and CSS implementations into reusable React components, improving maintainability and reducing development effort across projects.
- Acted as a senior development resource in client requirement discussions, translating business needs into scalable frontend solutions and successful feature deliveries.

Associate Web Developer | Powerweave Software Services Pvt. Ltd.
March 2022 – May 2024 | Remote, India

- Built responsive e-commerce interfaces using JavaScript, HTML5, CSS3, and Sass.
- Converted Figma designs and wireframes into reusable and maintainable frontend components.
- Developed product filtering, cart functionality, forms, and user interaction features using React Hooks.
- Integrated REST APIs for product catalogs, authentication, and order management.
- Implemented loading indicators, validation messages, error handling, and data display states within user interfaces.
- Collaborated closely with designers, backend developers, and QA teams to deliver high-quality releases.
- Conducted cross-browser testing and UI validation to ensure visual consistency.

Web Designer | Avencore Tech Consultant
October 2021 – February 2022

- Designed and developed responsive website layouts using HTML and CSS.
- Applied UI/UX principles to create visually appealing and user-friendly interfaces.
- Collaborated with stakeholders to deliver design updates and site enhancements.

Career Break – Maternity Leave
October 2019 – September 2021

Associate Software Engineer | OMNION Premedia Pvt. Ltd.
August 2018 – September 2019 | Bangalore, India

- Designed and developed user interfaces for orthodontic software applications.
- Built frontend features using HTML, CSS, JavaScript, and jQuery.
- Collaborated with developers and business teams to improve usability and workflow efficiency.
- Participated in testing and feature validation activities.

Personal Portfolio Website

React.js | Tailwind CSS | Responsive Design
Portfolio: https://portfolio-vidyashreemuroor.vercel.app

- Designed and developed a fully responsive portfolio website showcasing frontend development projects and technical skills.
- Built reusable UI sections and modular components for scalability and maintainability.
- Applied accessibility best practices, semantic HTML, and responsive design principles.
- Optimized performance and user experience across mobile, tablet, and desktop devices.
- Focused on clear visual hierarchy, intuitive navigation, and modern UI design patterns.

EDUCATION

M.Tech – Microelectronics and Control Systems
Visvesvaraya Technological University, India
B.Tech – Electronics and Communication Engineering
Visvesvaraya Technological University, India

CERTIFICATIONS

Advanced React Development – React.js
Next.js Development – Server-Side Rendering & Static Site Generation
